

WELCOME TO the WINTER TIME in Bialowieza Primeval Forest

The nature of the Bialowieza Forest in winter gives special show. The weather conditions could be very various. Usually winter is very snowy. Animals leaves many marks on the snow. Days are very short, rather frosty, happens even over -30 degrees cold. In warmer days the snow is melting then you can see totally different aura of the forest. **DON'T MISS IT !!!**

- between the all seasons in Białowieża Forest **winter time is the best to see bisons**. They forms groups, near feeding sites.
- not only the mammals are easier to observe. **It is perfect time for birdwatching**. You can see woodpeckers, like: Three-toed Woodpecker, White-backed Woodpecker, owls like: Pigmy Owl and especially winter birds visitors from north like: Bohemian Waxwing, Brambling, Rough-legged Buzzard.
- the **biggest chance to see wolfes** is end of winter (February – March). They are the most active because of the mating period.

FOUR SEASONS OF BIALOWIEZA PRIMEVAL FOREST

WINTER

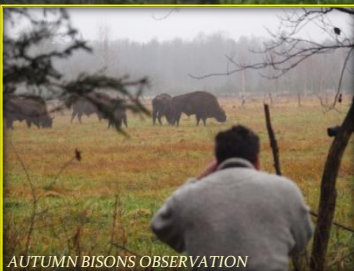

MANOR WEJMUTKA

SUMMER BIALOWIEZA NATIONAL PARK

AUTUMN BISONS OBSERVATION

TEA ROOM WEJMUTKA

WINTER MAMMALS TRACKING

We support idea to enlarge Białowieża National Park to entire Białowieża Forest Area

WEJMUTKA Białowieża Biodiversity Academy

Wejmutka ATTRIBUTES:

- **FANTASTIC WILDLIFE:** *one of the most natural forest habitat of Europe, BIALOWIEZA PRIMEVAL FOREST with BIALOWIEZA NATIONAL PARK*
- **GREAT PARTNERS** *work with us: best experts of natural forest ecology, scientists, academic professors and fantastic nature guides*
- **MANOR WEJMUTKA** *brandly new, eco-friendly and comfortable accomodation, traditional cuisine, great Polish hospitality*

Wejmutka ACTIVITIES:

- **BIODIVERSITY WORKSHOPS** - *all seasons intensive six days courses studying biodiversity and natural processes of Białowieża Forest, field work is held by best scientists and academic teachers*
- **NATURE EDUCATION PROJECTS** - *different initiatives promoting biodiversity and nature conservation activities*
- **BIRDWATCHING** - *best place for wildlife lovers and birdwatchers; comfortable single, double, and family rooms, all en-suite; professional nature tourist information and guide service*
